WHY OCM™?

- Anhydrous Solid Matrix
- Anti-microbial properties
- Controls moisture balance
- Delivers signaling molecules with essential nutrients to wound bed
- Easy to apply

OCM™ is indicated for the management of wounds including:

- Partial and full-thickness wounds
- Pressure ulcers
- Diabetic ulcers
- Chronic vascular ulcers
- Venous ulcers
- Dehisced wounds

Contraindications: Sensitivity to fish or cod liver oil. Third-degree burns.

IMPORTANT DISCLAIMER

Providers are strongly advised to adhere to all Centers for Medicare & Medicaid Services (CMS) and State Medical Coverage (SMC) guidelines when using OMEZA™. These requirements supersede the general Instructions for Use (IFU) in determining patient eligibility and reimbursements. All applications must demonstrate medical necessity, include proper documentation, and follow current Local Coverage Determinations (LCDs) for DFU and VLU to ensure compliant billing. These recommendations do not apply to the inpatient hospital setting.
